geta.kidanemariam@bdu.edu.e**

Dr. Geta Kidanemariam Gelaw is an Assistant Professor of Mechanical Engineering in Faculty of Mechanical and Industrial Engineering Bahir Dar Institute of Technology, Bahir Dar University. Dr. Geta has PhD in Mechanical Engineering /Mechanical Design/ from Addis Ababa Institute of Technology, Addis Ababa University in 2019. He graduated with MSc degree in Agricultural Mechanization Engineering from Slovakia Republic University of Nitra in 1991. Dr. Geta graduated with Diploma in Agro-Mechanics from Bahir Dar Polytechnic Institute in 1981.

Dr. Geta has more than 30 years working experience in machinery maintenance, research, technology development and teaching. He has published more than 10 research articles in reputable journals and 5 proceedings.

Dr. Geta's research interest is product design and development, design analysis, pre-harvest and post-harvest technologies, climate smart agriculture, precision agriculture, design optimization. Currently, he is serving as the chair of Agricultural Mechanization Engineering and assistant professor in Mechanical Design Engineering.
